

Be a Hero for a Better World!

"As a new mother, I want to give my children the best start in life but millions of children affected with AIDS don't live with such certainty. We can all do something to give them a future worth living for.

We can make a difference in a child's life by joining with UNICEF to ensure that mothers and children are given the treatment that they deserve, in order to live a life free from HIV and AIDS."

-- Claudia Schiffer
